19th Workshop on Labour Economics, April 8 - 9, 2027

General Information The IAAEU and the Chair of Personnel Economics at Trier University are pleased to announce the **19th Workshop on Labour Economics**, taking place on **April 8-9, 2027**. The workshop offers a venue for researchers to network and to exchange their most recent findings and ideas. We encourage both theoretical and empirically oriented submissions. We welcome contributions on topics and perspectives related to labour and personnel economics, including research in the fields of well-being, pay schemes and labour market institutions, as well as education, health, gender or migration economics. We particularly encourage PhD students to submit their research. A time slot of up to 35 minutes is allotted for each presentation. We aim to assign senior workshop participants as discussants to papers presented by PhD students.

Special Sessions There will be special sessions on **counterfactual impact evaluation** jointly organised with the **Competence Centre on Microeconomic Evaluation (CC-ME) of the Joint Research Centre of the European Commission**. To have their papers considered for these sessions, researchers should explicitly state their interest when submitting.
